

Research Internship Programme 2017

Programme Objectives

Hong Kong Sustainable Development Research Institute (HKSDRI) invites applications for research internship with our research team. The research internship programme provides opportunities for candidates to work in a challenging working environment. The programme aims to develop their project management and research skills and enhance their understandings to social development and social policy. The internship period will start from June to August, 2017.

First round application for the research internship programme 2017 (Batch 6) will be closed at **16th June, 2017**. Candidates may be invited for interview within one month after application. All information will be treated strictly confidential, and data for unsuccessful candidates will be destroyed after the application completed.

Programme Details

- **Internship suiting with research interests**
- **Exploring various areas, include green business, governess, sport, elderly issue, etc.**
- **Policy forums and training workshops**
- **Publishing interns' articles on newspapers**
- **Participating in other HKSDRI's events**

Internship Terms

1. Interns will need to work regularly (2-3 days per week) in HKSDRI office, with the project manager and research teammates.
2. It is expected to finish the research during the internship period, selected research result will be published by HKSDRI.
3. Interns will perform independent working, yet we expect interns to report their progress to the project manager every week at the HKSDRI office. Besides, HKSDRI office will be opened for use in phases.
4. Interns do not have salary for the programme. HKSDRI will cover all direct expenses incurred in the project.

Application Method

The research internship programme opens to all local and overseas tertiary full-time students. Interested candidates should submit your **curriculum vitae** to info@hksdri.org. Should you have any questions, you may contact us via email or phone (2156-3756).
